**2026 Week of Action Student Creative Challenge:
Loving Engagement and Globalism**

We are part of a global family, connected across continents. We share a common commitment to education, justice, and globalism. By connecting our community with others, we can support, uplift, and inspire. We can make our community more just and more loving. We can do this in many ways:

- What can we do to engage our families, people, institutions in our communities and about?
- How can we engage our community in the global Black family?
